Books For Sale!

Mycological Library Dispersal. Harold Burdsall, retired Forest Service mycologist, is offering a portion of his mycological library for sale. These volumes include a number of classics, e.g. original Fries, E.M. 1821 – 1832, Systema Mycologicum vols. I, II, III; Persoon, C.H. 1801, Synopsis Methodica Fungorum; Cooke and Quelet, 1878, Clavis Synoptica Hymenomycetum Europaeorum; Lloyd C.G. 1908 – 1925, complete works,
bound; Singer, R. 1951 and 1962, Agaricales in Modern Taxonomy. Also monographs and general works on groups of “higher fungi”, both ascos and basidios, (many signed by the author) by A.H. Smith, L.R. Hesler, O.K. Miller, Jr., and others. In addition, there are monographs on rusts, myxomycetes, and imperfects. Numerous mushroom field guides and early mushroom books are also available (e.g. a signed first edition of McIlvane, Charles, 1900, One thousand American Fungi; Peck; Atkinson; etc.). For a list of the volumes available and prices, click here or email burdsall@fungaldecay.com.

Also, if there is a specific volume(s) of interest for which you are searching but is (are) not included, please ask about it.
